Update on 2025-2026 Season

OHF FREEDOM OF MOVEMENT CHANGES

What does this mean for South Oxford (SOMH) and our players?

- Starting in the 2025-26 season, players U10 to U18 have the opportunity to participate with the association of their choice
- Non-Resident Players (NRP): In an effort to remain competitive while maintaining opportunities for our local residents SOMH has made the decision to Roster up to 5 NRP's to an A team and up to 3 NRP's to a B team - Ensuring the bulk of team is comprised of Players from our community

OUR VISION

"Our vision is to build an inclusive community based competitive hockey association that not only develops elite players but also instills strong values of sportsmanship and teamwork, empowering athletes to compete at the highest levels."

OUR VALUES

"Our association values respect for the game, accountability to each other, perseverance in the face of challenges, and a commitment to excellence at every level of play."

OUR FOCUS

"Our focus is on building a competitive and player-centred environment that emphasizes skill development, athletic excellence, and sportsmanship. We strive to foster a culture of hard work, commitment, and teamwork, ensuring our players are prepared to compete at the highest levels while enjoying the game."

WHAT TO EXPECT WITH SOUTH OXFORD NEXT SEASON?

- Competitive teams with a focus on player development
- South Oxford will continue partnership with AFT for skill development - owned and operated by a past OHL player
- Goalie Development with former NHL Goaltender Matt Hackett
- Continued improvement on coach selection process including non-parent coach opportunities
- SOMH continues to work with both Tillsonburg and Ingersoll for installation of Live Barn
